## SUMMARY STATEMENT

I am a dedicated Python Full Stack Developer with expertise in Django, experienced in developing and maintaining web applications across industries such as matrimony, e-commerce, and travel booking. Currently working as an intern at GVR, I apply full-stack skills in both frontend and backend development, database management, and payment integration with Stripe. I am passionate about building responsive, user-friendly, and scalable web applications, and I am eager to contribute to innovative projects and advance within the tech industry..

## SKILLS

- Programming Languages: Python, JavaScript
- Frameworks and Libraries: Django, React, Bootstrap
- Web Development: HTML, CSS, JavaScript, Bootstrap
- Database Management: MySQL
- Version Control: GitHub

## WORK HISTORY

03/2024 – 09/2024 **JUNIOR PYTHON DJANGO DEVELOPER**

GVR Business Solutions

- Collaborated with cross-functional teams to gather requirements and ensure alignment on project goals.
- Assisted in debugging and troubleshooting issues in existing Django applications, enhancing system stability.
- Contributed to frontend and backend integration, enhancing user experience and application responsiveness.

03/2023 – 12/2023 **PYTHON FULL STACK DEVELOPER INTERN**

Techolas Technologies

- Conducted testing and debugging to ensure code quality and fix any bugs or issues in the applications.
- Assisted in building and maintaining web applications using Python, Django for the backend, and HTML, CSS, and JavaScript for the frontend.
- Created and maintained documentation for code and project features, ensuring a smooth handover process.
