

Muhammed Jasir M

MERN Stack Developer

📍 Malappuram, Kerala 📞 [+91 9539275280](tel:+919539275280) ✉ jasirmm307@gmail.com 🌐 [in/Muhammed-Jasir-M](https://www.linkedin.com/in/Muhammed-Jasir-M) 🐙 [Github](#) 📁 [Portfolio](#)

Summary

Motivated MERN Stack Developer with expertise in React.js, Node.js, Express.js, and MongoDB. Proven ability to build responsive, scalable web applications with clean architecture and seamless integrations. Passionate about problem-solving, continuous learning, and delivering impactful solutions in collaborative environments.

Experience

Self-taught MERN Stack Developer

2023 - Present

Self-taught MERN Stack Developer with hands-on experience building full-stack applications using React, Node.js, and MongoDB. Passionate about creating responsive interfaces, scalable backend solutions, and seamless user experiences. Committed to continuous growth through self-directed learning and collaborative development.

Education

Nasra College of Arts and Science

2022 - 2025

Malappuram, Kerala

Bachelor of Computer Applications

Developed strong skills in C, Java, Python, PHP, DBMS, Data Structures, and Software Engineering during my degree. Enhanced learning through industrial visits and active participation in tech activities.

Projects

MERN Blog Website

MERN, Tailwind CSS, Flowbite, Redux, Firebase

[🔗 Preview](#)

Developed a full-stack blogging platform using the MERN stack, featuring JWT authentication, a rich-text editor for content creation, and search functionality for seamless blog discovery. Designed with a focus on clean UI/UX principles, enabling users to securely register, create, and explore blogs with an intuitive interface.

Movie Flick

React, Tailwind CSS, TMDB API, Firebase

[🔗 Preview](#)

Developed a fully responsive movie discovery platform using React.js and the TMDB API to display trending, popular, and searchable movie content. Integrated Firebase authentication for secure login and implemented a personalized watchlist feature. Designed a modern, user-friendly interface with intuitive navigation and optimized performance across all devices.

Skills

Frontend

React.js, JavaScript, TypeScript, Tailwind CSS, Redux

Backend

Node.js, Express.js, MongoDB, Firebase

Tools

Git, Github, VS Code, Postman, Vercel, Chat-GPT, Gemini

Other

Self-learning, Adaptability, Problem Solving, Team Collaboration
