## PYTHON FULL STACK DEVELOPER

📞 7025001247 • 📍 Malappuram, Valanchery • ✉️ muhammedadnan1247@gmail.com • 🌐 [GitHub](#) • [LinkedIn](#)

### ABOUT ME

Aspiring Python Full Stack Developer with a strong foundation in both front-end and back-end technologies. Proficient in Python and back-end frameworks like Django, with solid front-end development skills in HTML, CSS, JavaScript, and React.js. Passionate about writing clean, maintainable code and continuously improving development processes. Eager to contribute to innovative projects in a collaborative team environment and grow as a full-stack professional.

### PROJECTS

#### Hospital Management

- Included pages: Home, About, Services, Doctors, Contact, and Appointment.
- Enabled dynamic appointment booking with form handling and scheduling features.
- Highlighted quality medical services and detailed doctor profiles.
- Ensured smooth user interaction with a clean, modern UI and mobile-friendly design.
- Built a responsive hospital website using HTML, CSS, Tailwind CSS, React.js, Python, jQuery, and Django.

#### Campus Connect

- Included pages: Home, About, Courses, Services, and Contact.
- Enabled dynamic course booking system with form handling and scheduling features.
- Highlighted high-quality academic courses and detailed college services information.
- Ensured a smooth user experience with a clean, responsive, and mobile-friendly design.
- Built a modern college course booking website using HTML, CSS, Tailwind CSS, React.js, Python, jQuery, and Django.

### SKILLS AND OTHERS

- Proficient in HTML5 and CSS3 for building responsive and semantic web pages
- Experienced with CSS frameworks including Bootstrap and Tailwind CSS
- Skilled in JavaScript (ES6) and jQuery for dynamic and interactive front-end development
- Strong knowledge of Python programming and Django framework for back-end development
- Competent in both front-end and back-end web development
- Familiar with version control using Git and GitHub for collaborative development
- Proficient in explaining Django framework concepts such as MTV architecture, ORM, views, and REST API development to peers and junior developers
- Full stack developer skills
