HINA SHAIKH

PROFILE

Full Stack (MERN) Developer with 2+ years of experience building scalable and responsive web applications using MongoDB, Express.js, React.js, and Node.js. Experienced in developing RESTful APIs, integrating frontend with backend services, and managing databases using MongoDB and MySQL. Skilled in writing clean, reusable code, optimizing performance, and collaborating with teams using Git-based workflows.

EXPERIENCE

WebUtsav Private Limited

OCT 2024 - MARCH 2026

MERN Stack Developer

- Developed and maintained scalable web applications using MERN stack (MongoDB, Express.js, React.js, Node.js) along with RESTful API integration
- Built and enhanced mobile features using React Native, improving user experience and application performance
- Managed and optimized databases using MongoDB and MySQL for efficient data handling
- Collaborated with cross-functional teams and ensured code quality, performance, and version control using Git & GitHub.

NWS Soft Private Limited

NOV 2022 - APRIL 2024

MERN Stack Developer

- Developed scalable web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js) while building responsive user interfaces and enhancing overall UI/UX.
- Performed debugging, testing, and basic database operations using MongoDB.
- Collaborated with team using Git & GitHub.

Projects

FLEET MANAGEMENT SYSTEM

AUG 2025 - FEB 2026

Developed a Fleet Management System to manage vehicle allocation, driver pairing, fuel expenses, and servicing records.

Teck Stack : Next.js, Tailwind CSS, Node.js, Express.js, MongoDB

CAB BOOKING MANAGEMENT SYSTEM

NOV 2024 - JULY 2025

Real-time Cab Booking Application allowing users to schedule trips by selecting pickup and drop-off locations with dynamic fare calculation. Implemented an admin dashboard to manage bookings, pricing, and vehicle availability for efficient operations.

Teck Stack : Next.js, Tailwind CSS, Node.js, Express.js, MySQL
