CAREER OBJECTIVE:

Web Developer with 6 months of hands-on internship experience in developing responsive web applications using HTML, CSS, JavaScript, and React.js. Strong understanding of front-end development, UI design, and cross-browser compatibility. Seeking an entry-level web development role to apply technical skills, contribute to real-world projects, and grow within a collaborative organization.

TECHNICAL SKILLS:

- **Programming Languages** Java, Python
- **Web Technologies** HTML5, CSS3, JavaScript (ES6),
React.js (Hooks, Component-Based Development)
- **Tools & Platforms** Visual Studio Code, GitHub
- **Database** MySQL
- **Deployment** Vercel, Netlify

WORK EXPERIENCE:

Six Sigma Solutions | Frontend Web Developer Intern

Sep 2025 – Jan 2026

Salem, Tamil Nadu

- Developed and improved key frontend features for the Healthy platform using React.js, resulting in faster page performance, reusable components, and a more consistent and user-friendly interface.
- Built responsive and mobile-friendly interfaces using React hooks, modular components, and optimized CSS, ensuring smooth user experience across all screen sizes.

Vulture Management Wings Private Limited | Software Engineer Intern

Jul 2025 – Sep 2025

Chennai, Tamil Nadu

- Worked on web development projects, contributing to the design and enhancement of organizational websites.
- Applied front-end development practices to improve user experience and responsiveness across multiple devices.
- Demonstrated professionalism, dedication, and quick learning ability while completing assigned tasks effectively.

PROJECT:

1. Daily Message – Business Website

React.js, CSS

- A website designed to deliver daily motivational, business, and inspirational messages to users with a clean and modern UI.
- Developed a responsive frontend using React js, CSS ensuring smooth navigation and fast loading.
- Implemented dynamic sections and optimized UI elements for better readability and user engagement.

2. Coffee Shop website

HTML, CSS

Created and built a mobile-friendly coffee shop website to design, engaging user interface components, and enhanced performance for a captivating user experience.

- <https://cloud-coffee.netlify.app/>

3. AI Chat Web Application

HTML, CSS

A chat web application clone is a web-based application that replicates advanced conversational capabilities

- <https://chatgpt-clone-bot.netlify.app/>

4. E-Commerce Market Sales Forecasting

HTML, CSS, Python

Our Project is used to predict the future demands of the product on sales by using the forecasting method. We can use the previous year information of the product and predict the demands.
