SUMMARY

Aspiring Full Stack Developer with knowledge of the MERN stack and a background in Computer Science Engineering. Passionate about building responsive web applications and eager to learn and grow in the field of web development.

SKILLS

- **Programming & Fundamentals:** C, Java, JavaScript, OOPs, Data Structures & Algorithms
- **Web Development:** HTML, CSS, React.js, Tailwind CSS, Node.js (Basics), MongoDB (Basics)
- **Tools & Platforms:** Git, GitHub, VS Code, Unity3D, Vercel, ARCore/Vuforia
- **Soft Skills:** Problem-solving, Team collaboration, Communication, Time management

EXPERIENCE

Web Developer - Intern

CYFOXGEN

December 2024 - December 2024, Chennai

- Completed a focused internship in front-end web development.
- Gained hands-on experience in HTML, CSS, JavaScript, and responsive design.
- Contributed to building and optimizing web pages for performance and user experience.
- Worked with a team to understand real-world development workflows and version control systems.

PROJECT

Bazaar E-commerce

Personal Project • bazaar-e-commerce.vercel.app • April 2025 - May 2025

- **Technologies:** React.js, Tailwind CSS, HTML, CSS, JavaScript | **Deployment:** Vercel
- Created a modern and responsive e-commerce platform with product listings, detailed product pages, and cart management.
- Designed for smooth user experience with interactive UI components and responsive layouts.
- Showcases strong understanding of front-end development, component-based architecture, and user-centered design.

Animal Encyclopedia using Augmented Reality

Vel Tech Multi Tech Dr.Rangarajan Dr.Sakunthala Engineering College • January 2025 - April 2025

- Developed an educational AR application that allows users to explore and interact with 3D animal models.
- Included rich multimedia content to teach users about animal habitats, behaviors, and characteristics.
- Focused on real-time AR rendering and interactive design for immersive learning.

COURSEWORK

Full Stack Web Development (MERN Stack) – Ongoing

Guvi • 2025

- Learning MongoDB, Express.js, React.js, and Node.js. Building real-world web applications using full-stack JavaScript technologies.
- Hands-on projects and assignments to gain practical development experience.

Database Management System

NPTEL (IIT Kharagpur) • 2024

- Completed an 8-week course covering relational databases, SQL, ER modeling, normalization, and transaction processing. Gained foundational knowledge essential for backend development.

EDUCATION

Bachelor of Engineering - Computer Science

Vel Tech Multi Tech Dr.Rangarajan Dr.Sakunthala Engineering College (Autonomous) • Chennai • 2026 • CGPA: 7.76/10

12th Standard

Minor in PCMB • Government Higher Secondary School • Tiruvannamalai • 2021 • Percentage: 73
