-

PROFESSIONAL EXPERIENCE

Software Engineer

TechUnity Software System India Pvt Ltd – Coimbatore, India

May 2023 – September 2025

- Developed applications for U.S.-based clients.
- Designed, developed and maintained full-stack software applications using ASP.NET Core MVC and the .NET framework for various U.S. client projects.
- Collaborated with the development team to understand project requirements and translate them into robust technical specifications and ensured feature alignment.
- Executed end-to-end development, testing and deployment cycles for multiple applications, ensuring high stability and quality across production environments.
- Utilized Azure DevOps and Git for version control, managing code merges and collaborating effectively within a structured development workflow.

PROJECTS

GL Report - Dynamic Reporting Tool

Developed a utility that allows users to dynamically create and display custom reports and provides seamless export functionality to CSV, Excel and PDF formats.

Technologies: C#, ASP.NET Core, HTML, CSS, Bootstrap, JavaScript, JQuery, Kendo UI, Intersystems Cache.

MAG Website - E-commerce Platform

Engineered a full-featured application for selling car parts and paints, integrating product search, real-time stock availability, and secure online payment processing.

Technologies: C#, ASP.NET MVC, JavaScript, JQuery, Kendo UI, Intersystems Cache.

Solar App - Power Monitoring System

Built a dedicated monitoring system with a dual-screen interface to display and analyze real-time solar production, consumption, export data, and battery status over specified time periods.

Technologies: C#, ASP.NET Core, Bootstrap, JavaScript, JQuery, Telerik UI, Kendo UI, Intersystems Cache.

Scanning - Auto Parts Inventory Management

Created an inventory management application to optimize auto parts tracking, providing visibility into ordered parts and displaying lists of items currently in stock or scanned (sold).

Technologies: C#, ASP.NET Core, Bootstrap, JavaScript, JQuery, Telerik UI, Kendo UI, Intersystems Cache.
