- Flutter Development Workshop Certificate

LANGUAGES

Malayalam Native | **English** Fluent | **Hindi** Basic

PROFESSIONAL SUMMARY

Junior Web Developer with hands-on experience in WordPress, Shopify, Elementor, HTML5, CSS3, and JavaScript. Built and launched multiple Shopify e-commerce stores — personal and client projects — covering theme customisation, responsive layouts, product/collection setup, payment integration, and performance optimisation. Comfortable working on live websites, troubleshooting UI/UX issues, handling plugin integrations, and ensuring cross-device compatibility. Supports design work using Adobe Photoshop, Canva, and Figma for web graphics, banners, and UI elements. A fast learner with a strong problem-solving mindset — ready to contribute to Advex Media's web projects from day one.

WEB & E-COMMERCE PROJECTS

Personal Shopify Store — E-Commerce Build & Management

Shopify · Theme Customisation · HTML · CSS · JavaScript · Responsive Design

- Built a fully responsive Shopify store from scratch — product catalogue, collections, navigation, and checkout setup
- Customised Shopify theme using HTML, CSS, and JavaScript for a pixel-perfect, cross-device compatible storefront
- Configured payment gateway, shipping rules, and app integrations — complete eCommerce setup and management
- Optimised store speed, loading time, and on-page SEO — regular updates, backups, and performance monitoring

Client Shopify Store — Full Build & Design Support

Shopify · Theme & App Customisation · CSS · JS · UI/UX · Canva Graphics

- Delivered complete client Shopify store — requirements gathering, layout design, theme build, and go-live support
- Created web banners and UI graphics using Photoshop and Canva to maintain visual consistency across all store pages
- Customised theme and Shopify apps to match client branding — responsive, fast, and user-friendly across all devices
- Provided ongoing maintenance — plugin updates, bug fixes, content changes, and performance improvements

E-Hospitality — Full-Stack Web Application

Python · Django · HTML5 · CSS3 · Bootstrap · JavaScript · Responsive Design

- Built a responsive, pixel-perfect web interface — cross-device compatible with Bootstrap and custom CSS
- Handled complete front-end development, UI consistency, bug fixes, and post-launch performance tuning
