PROFESSIONAL SUMMARY

Frontend Developer with **2.8 years of experience** building scalable web applications using React.js, Next.js, and modern JavaScript. Experienced in developing reusable UI components, integrating REST APIs, implementing state management with Redux, and building responsive dashboards and e-commerce platforms. Strong experience collaborating with backend, design, and product teams in agile environments to deliver production-ready applications.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks & Libraries: React.js, Next.js, Redux, Redux Toolkit, Context API, Bootstrap, Tailwind CSS

Frontend & Web: Responsive Design, Code Splitting, Lazy Loading, SEO Optimization, CSS Modules, SCSS, WCAG Accessibility

API & Integration: RESTful APIs, Data Fetching, Client-Side State Management

Data Visualization: Highcharts, Analytics Dashboards, KPI Visualization, Sales Forecasting UI

Tools & Platforms: Git, GitHub, GitLab, Visual Studio Code, Figma, Lighthouse, Browser Dev Tools

Development Practices: Component Reusability, Agile/Scrum, Code Reviews, Cross-Browser Compatibility, CI/CD

PROFESSIONAL EXPERIENCE

Frontend Developer / Software Engineer

Jun 2025 – Present

Pentation Analytics Pvt. Ltd.

Mumbai, India

- Built production-ready React.js dashboards for Newton & Nora AI-powered analytics products — visualizing sales KPIs, inventory trends and ML forecasting outputs using Highcharts and reusable component libraries.
- Integrated RESTful APIs using Redux, custom hooks and component lifecycle management for real-time data rendering across enterprise clients Finolex and Bajaj Allianz (TP Claim).
- Improved Lighthouse performance scores by implementing code splitting, lazy loading and rendering optimizations; ensured WCAG accessibility compliance across all devices.
- Collaborated with backend, AI/ML and DevOps team align UI components with data pipelines and deployment cycles.
- Translated Figma designs into pixel-perfect, reusable React components ensuring design-to-code consistency.

React Developer

Jun 2023 – Apr 2025

8848 Digital LLP

Mumbai, India

- Led frontend development of Summit — a scalable multi-tenant e-commerce platform built on React.js and Next.js powering B2B, B2C and D2C client storefronts from a single shared codebase.
- Achieved 85% improvement in page load times through Next.js SSR, dynamic routing, code splitting and efficient rendering strategies.
- Built core commerce features include product catalog, search, filters, cart, checkout flows and order management using Redux Toolkit for complex high-traffic state management.
- Designed reusable component architecture to accelerate onboarding of new client storefronts while maintaining consistency and performance.
- Integrated RESTful APIs for products, orders, users and payments; built bilingual Strategy Gear website (Dubai) from Figma designs with external API integration.

INTERNSHIP

Frontend / React Developer Intern

Dec 2021 – Apr 2023

Geekster

Mumbai, India

- Built responsive React.js applications with hands-on experience in DOM manipulation, REST API integration, debugging and cross-browser compatibility.

Software Engineering Virtual Intern

Jun 2020 – Jul 2020

JPMorgan Chase & Co.

Remote

- Completed real-world software engineering tasks via JPMorgan Forage program; gained exposure to enterprise-level development practices.

KEY PROJECTS

Analytics & Forecasting Dashboards React.js + Highcharts + REST APIs to visualize sales predictions, inventory trends and KPIs for enterprise clients.

Summit E-Commerce Platform Multi-tenant B2B/B2C/D2C platform with product catalog, Wishlist, CRM and order management built on React/Next.js.

AR Gold Web Application Gold trading management system with advanced filtering, reporting, Excel export and order processing.

Strategy Gear Website (Dubai) Bilingual website built from Figma designs with external API integrations.

CERTIFICATIONS

- **JavaScript for Experienced Developers** — Microsoft (Jan 2019)
- **JavaScript Algorithms and Data Structures** — freeCodeCamp (May 2023)
- **Debug the Bug** — Pillai HOC College of Engineering and Technology (May 2020)

EDUCATION

Bachelor of Engineering — Computer Science

Aug 2017 – Jun 2021

University of Mumbai | CGPA: 7.83 / 10 | Mumbai, India
