Profile Summary

Full Stack Developer specializing in MERN stack and Next.js with hands-on experience in building scalable web applications in a fintech environment. Skilled in RESTful API development, authentication systems (JWT), and full feature lifecycle delivery in agile teams. Passionate about writing clean, maintainable code and building production-ready solutions.

Professional Experience

Full Stack Developer

May 2025 – Dec 2025

Altiora Capital Solution Pvt Ltd (PaisaOnClick)

Ernakulam

- Engineered and maintained production-grade full-stack features using Next.js, Node.js, Express.js, and MongoDB in a fintech environment.
- Designed and optimized secure RESTful APIs enabling efficient frontend-backend data flow.
- Led end-to-end feature delivery from requirement analysis to deployment within a 3-member agile team.
- Collaborated with QA and tech leads to deliver scalable, high-quality production releases.
- Resolved production issues and implemented enhancements based on evolving business and user requirements.

MERN Stack Intern

Jun 2024 – Dec 2024

Luminar Technolab

Calicut

- Developed full-stack applications using MERN stack following structured workflows.
- Implemented JWT-based authentication and role-based access control.
- Built responsive UI components using React.js and integrated backend APIs.
- Practiced clean coding standards and Git-based collaborative development.

Projects

MindPal – Mental Health Platform | React.js, Node.js, Express.js, MongoDB

- Built a full-stack platform with role-based authentication (Admin, User, Doctor).
- Implemented mental health assessment and appointment booking system.
- Developed a comprehensive admin panel with doctor management, appointment tracking, advanced search, and cancellation functionality.
- Implemented a public-style story feed enabling users to share, view, and interact with mental health stories.
- Deployed frontend on Vercel and backend on Render.

ProjectFair – Project Management Platform | MERN Stack

- Developed project management system with personalized dashboards and secure authentication.
- Implemented full CRUD operations and search functionality.
- Built reusable React components and RESTful APIs.

Technical Skills
