

Sree Nandhana E

Full Stack Developer (MERN)

Email: sreenandhana927@gmail.com Mobile: +91-8921762397 Location: Wayanad, Kerala

LinkedIn: linkedin.com/in/sreenandhana GitHub: github.com/sreenandhana027

Profile

MERN Stack Developer with hands-on experience building scalable web applications using React.js, Node.js, Express.js, and MongoDB. Strong knowledge of REST APIs, JWT authentication, role-based access control, and full-stack architecture. Passionate about problem solving, clean code practices, and delivering user-friendly solutions.

Experienced in developing responsive user interfaces and integrating backend services to ensure seamless performance. Quick learner with the ability to adapt to new technologies and contribute effectively in collaborative team environments.

Education

Bachelor of Computer Applications (BCA)

Mercy College Palakkad (University of Calicut)

2021 – 2025

CGPA: 6.68/10

Experience

Luminar Technolab – MERN Stack Intern

July 2025 – Present

- Developed full-stack MERN applications with responsive UI using React, Tailwind CSS, and Bootstrap.
- Built RESTful APIs and implemented JWT-based authentication with role-based authorization.
- Designed MongoDB schemas, performed CRUD operations, and optimized database queries.
- Collaborated in project development lifecycle and deployed applications using Git and Render.

Projects

CareerCraftPro – Career & Job Portal Application

- Developed a full-stack job portal platform connecting job seekers and recruiters.
- Implemented user authentication, resume uploads, and job application management.
- Built admin dashboard for managing users, jobs, and applications.
- Tech: React.js, Node.js, Express.js, MongoDB, JWT

Book Store — Buy & Sell Books

- Built a full-stack bookstore application with user authentication and admin management.
- Implemented CRUD operations, order management, and protected routes.
- Implemented Role-Based Authentication.
- Tech: React.js, Node.js, Express.js, MongoDB

RoomRental – Room Booking Application

- Developed a responsive room rental platform with dynamic listings and booking features.
- Integrated REST APIs and implemented state management for real-time updates.
- Tech: React.js, CSS

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Hooks, Tailwind CSS

Backend: Node.js, Express.js, REST APIs, JWT

Database: MongoDB, Mongoose

Tools & Deployment: Git, GitHub, Postman, Render, Netlify

Soft Skills: Problem Solving, Debugging, Team Collaboration, Communication
