---

## PROFESSIONAL SUMMARY

Full-stack Software Engineer with 3.9 years of experience building scalable web applications in product-based environments. Strong expertise in React.js, Node.js, and PHP (MVC) with hands-on experience in Python (Django), REST APIs, Docker, and CI/CD workflows. Proven track record in backend optimization, production issue resolution, mentoring engineers, and delivering enterprise platforms across healthcare, manufacturing, and ERP domains. Seeking to contribute to backend-heavy or full-stack roles focused on scalability and system reliability.

---

## CORE SKILLS

- **Languages & Frameworks:** JavaScript (ES6+), TypeScript, React.js, Redux, Node.js, PHP, CakePHP, Python, Django, jQuery, Electron
  - **Web & UI:** HTML5, CSS, SCSS, Bootstrap, Tailwind CSS, Material UI
  - **Databases:** MySQL, MongoDB, PostgreSQL
  - **APIs & Integrations:** REST APIs, GraphQL, Google Maps/Geolocation API, Google Sheets API, Twilio, SendGrid, Authorize.Net, Monitor ERP
  - **DevOps & Tools:** Docker, Jenkins, Git (GitHub/GitLab/Azure/Bitbucket), Postman, Swagger, VS Code, Cursor
  - **Architecture Concepts:** MVC, MVT, WebSockets, Performance Optimization
- 

## PROFESSIONAL EXPERIENCE

### Proglint Software Solutions Pvt. Ltd., Chennai

Full Stack Developer

Oct 2025 - Feb 2026

**Tech Stack:** React.js, Node.js, Django, REST APIs

- Designed and developed scalable full-stack web applications using React.js and Django, improving modularity and maintainability
- Optimized API response times through backend refactoring and performance tuning
- Conducting peer code reviews to enforce coding standards, improve code quality, and share best practices

### Angler Technologies India Pvt. Ltd., Coimbatore

Software Engineer

Jun 2024 - Sep 2025

**Tech Stack:** React.js, Node.js, MySQL, MongoDB

- Mentored 3+ junior developers, improving onboarding efficiency and code quality standards
  - Led and conducted 10+ technical interviews contributing to team growth and candidate evaluation
  - Integrated Google Geolocation API into admin portal to fetch Panchayat-level coordinates, reducing location mismatches by 40%
-

## PROFESSIONAL EXPERIENCE (Continued)

### Angler Technologies India Pvt. Ltd., Coimbatore

Jr Software Engineer

Jun 2023- May 2024

**Tech Stack: React.js, Node.js, MySQL, MongoDB**

- Improved backend performance by 25% through database indexing and query optimization across MySQL and MongoDB
- Created a proof of concept integrating the SendGrid API to automate transactional and notification emails supporting 10,000+ messages
- Resolved 50+ critical production issues with quick turnaround, improving system stability and customer experience

### Angler Technologies India Pvt. Ltd., Coimbatore

Associate Developer

Jun 2022 - May 2023

**Tech Stack: React.js, PHP, MySQL**

- Assisted in developing and enhancing user interfaces, form validations, and API integrations for web applications
- Contributed to 5+ full-stack projects involving frontend development with React.js and backend enhancements in PHP
- Reduced bug resolution time by 20% through active participation in testing, debugging, and code reviews

---

## KEY PROJECT EXPERIENCE

### QSR Analytics Platform | React.js, TypeScript, Django

- Developed and enhanced operational compliance use cases within an edge-to-cloud analytics pipeline processing real-time camera feeds.

### Audit Management Platform (KSB) | React.js, Node.js

- Engineered a multi-stage workflow platform that automated evaluations and reduced audit cycle time by 40%.

### Hospital Management Portal (Sankara) | React.js, Node.js, MongoDB

- Contributed to the development of a multi-location portal with role-based access control (RBAC), integrating maps, reporting, and mobile sync capabilities.

### Vendor Management System (ABT Groups) | PHP MVC, React.js, MySQL

- Implemented onboarding, RFQ, and purchase order workflows with Monitor ERP API integration.

### Procurement Platform (V-Guard) | PHP MVC, React.js, MySQL

- Delivered ERP/SAP-integrated supplier management platform enabling procurement lifecycle automation.

---

## EDUCATION

### MBA, System Management

- Sastra Deemed University | 2023 | CGPA: 8.4

### BCOM (Computer Applications)

- Sastra Deemed University | 2021 | CGPA: 7.6
