## Experience

---

### Frontend Developer Trainee

Jul 2025 – Present

Arcite Project Management Consultancy

- Developed responsive user interfaces using React.js and reusable component architecture.
- Integrated REST APIs using Axios for real-time dynamic data rendering.
- Collaborated with team members on debugging, testing, and feature enhancements.
- Improved performance and responsiveness across desktop and mobile devices.

## Projects

---

### Full Stack Bookstore Web Application

2026

- Built full-stack bookstore platform using React.js frontend and Django REST Framework backend.
- Implemented JWT authentication, protected routes, and user management.
- Developed CRUD operations for books, orders, users, and cart workflows.
- Managed PostgreSQL database integration and API communication.

### E-Commerce Web Application

2025

- Developed responsive e-commerce application using React.js and Redux Toolkit.
- Implemented product filtering, search, routing, and cart functionality.
- Consumed REST APIs for product listings and user data.
- Styled reusable UI using Tailwind CSS.

### Analytics Dashboard System

2025

- Built admin dashboard for monitoring revenue, orders, and business KPIs.
- Added charts, filters, tables, and status management features.
- Managed frontend state efficiently using Redux Toolkit.

## Education

---

**B.Tech in Computer Science and Engineering**  
Younus College of Engineering and Technology

2025

## Certifications
