Databases And Query Languages: SQL, MongoDB

Tools: Git, GitHub, VS Code, Chrome DevTools

Soft Skills: Leadership, Project Management, Problem Solving

WORK EXPERIENCE

MERN Full Stack Developer Intern *Kerala, India* CyberSquare Professional *Present*

- Designed and developed responsive web pages using HTML, CSS3, Bootstrap, and JavaScript, improving UI consistency and user experience.
- Collaborated with the team to enhance front-end structure, optimize layouts, and ensure cross-browser compatibility.
- Gaining practical exposure to full-stack development, including the basics of React.js, Node.js, Express.js, and MongoDB.
- Currently expanding skills to become a full MERN developer by learning component-based development, RESTful APIs, and database operations.

EDUCATION

AWH Speacial College, Kallai

Bachelor of Science in Computer Science

Kerala, India

Nov 2022 – Mar 2025

PROJECTS

Customer Relationship Management (Live Project) *Ongoing*

- Building a custom CRM system inspired by Zoho with modular UI components.
- Designed Account and Contact UI screens with clean and responsive layouts.
- Used Git/GitHub for version control and collaborative development.
- Implemented core CRM features to improve data handling and user workflow.

To-Do List Website [\[LINK\]](#) *13 October 2025 – 25 October 2025*

- Developed a clean and responsive To-Do List application using HTML, CSS, and JavaScript.
- Implemented core features such as adding, editing, and deleting tasks using DOM manipulation.
- Added functionality to mark tasks as completed and dynamically update the task list in real time.
- Designed an intuitive UI with a modern layout, clear typography, and a mobile-friendly responsive structure.
- Ensured smooth user interactions by handling form validation and maintaining state using JavaScript arrays.

Qbit – Quiz App [\[LINK\]](#) *15 september 2025 – 24 september 2025*

- Developed an interactive quiz application using HTML, CSS, and JavaScript with dynamic question rendering and score tracking.
- Implemented a real-time countdown timer and automated question transitions for enhanced gameplay experience.
- Designed an engaging, modern UI using glassmorphism and responsive design principles.
- Added a scoreboard and result summary to display performance analytics at the end of each quiz session.
