## SUMMARY

---

Motivated software developer with a strong foundation in Python and Django-based web application development. Hands-on experience in building dynamic, database-driven applications with secure authentication and responsive user interfaces. Seeking an entry-level opportunity to contribute technical skills while continuously learning and growing in a professional environment.

## SKILLS

---

**Programming Languages:** Python, JavaScript  
**Web Technologies:** HTML, CSS, Bootstrap  
**Frameworks:** Django, Tailwind CSS, React JS, Django Rest API  
**Databases:** MySQL, PostgreSQL  
**Developer Tools:** Visual Studio Code, PyCharm, IDLE  
**Version Control:** Git, GitHub

## EXPERIENCE

---

**Python Django Intern** | *Lagran Software Solutions* November 2025 – Present

- Developed a Django-based E-Commerce web application with secure user authentication (Register, Login, Logout) and session management.
- Built responsive frontend interfaces using HTML, CSS, Bootstrap, and JavaScript, ensuring cross-device compatibility.
- Implemented product listing and detail pages with quantity selection, Add-to-Cart, cart management, and checkout functionality.
- Integrated order tracking and comment features to enhance user interaction.
- Managed backend operations using Django ORM with SQLite and integrated TinyMCE for dynamic content management..

## PROJECTS

---

**Real-Time Chat Application** | *Django, Channels, Redis, PostgreSQL*

- Built a real-time chat system using WebSockets with secure authentication.
- Integrated Redis channel layer and PostgreSQL for persistent messaging.

**Todo List Application** | *Django, Python, SQL, Bootstrap*

- Developed a CRUD-based task manager with Django backend and SQL database.
- Designed responsive UI using HTML, CSS, and Bootstrap.

**Personal Portfolio Website** | *HTML, CSS, JavaScript, TypeScript*

- Created a responsive portfolio website showcasing projects and skills.
