PROFESSIONAL PROFILE

I am an aspiring developer with a strong foundation in modern web technologies, passionate about turning ideas into practical digital solutions. Eager to learn and experiment with new tools and frameworks, I focus on building efficient, scalable, and user-friendly applications. Motivated by challenges, I strive to grow continuously while creating meaningful and impactful projects.

PROFESSIONAL EXPERIENCE

FULL STACK WEB DEVELOPER INTERN
IntrnForte | Remote | Oct 2024 – Jan 2025

- Completed full-stack web development course and internship, acquiring expertise in HTML, CSS, JavaScript, React.js, Django, and SQL.
- Developed full-featured To-Do List project utilizing React.js and Django for front-end and back-end integration.
- Built a Job Portal with separate recruiter and applicant modules, job listings, resume upload, and application tracking.
- Created an E-Commerce Platform supporting product image uploads, secure user authentication, and profile management.
- Utilized Git and GitHub for version control to ensure collaborative efficiency.

PROJECTS

- **E-commerce website**: Developed a full-stack e-commerce website using Django REST API and React. Implemented features including multi-image product listings, secure authentication system, and user profile management.

- **Job portal**: Built comprehensive job portal with role-based access for recruiters and job seekers. Implemented features including job posting, resume upload, application tracking, and candidate filtering.

- **To-do app**: Developed intuitive to-do application with CRUD operations. Implemented user authentication and task categorization features. Created clean, responsive interface using React.js and RESTful API integration.

CERTIFICATE

Full Stack Web Development - **IntrnForte (2025)**

Generative AI Mastermind   - **Outskill (2025)**
